SECTION TWO.

Believe House Leaders Will Act To Give Capital Needed Protection From Crime.

By BILL PRICE. With Chairman Good, of the House Appropriations Committee; Congressman Davis, of the same committee, familiar with local affairs as chairman of the subcommittee making appropriations for the District; Chairman Mapes, of the House District Committee, and others in Congress engaged in considering police and criminal court conditions in this city. there was strong hope today that Congress will provide a speedy remthat leave Washington wide open to

The serious situation has been verbally laid before the House leaders in the trial of Nolan. The liquor was by Commissioner Brownlow and Ma- then put in the custody of the United jor Pullman. They told Congressmen States marshal. plainly that there must be an increase of pay for Washington policemen if guilty, and received a suspended the depleted force is to reach its sentence. maximum; likewise that the force should be increased as an assurance of complete protection to the city, marshal to turn the whiskey back to which means protection for the Presi- the police department. dent and Vice President, members of the Cabinet, Senators and Congress- back. The enfive years before he can be promoted on militarism ever devised. to the second class at higher salary. In Akron, Ohio, a first year private of the fire department is paid \$1,500 a year, and after one year is promoted to \$1,560. With great governmental properties to safeguard a Washington fireman's pay is \$980 per year.

There can be no concealment of the fact that Washington citizens regard the police situation here as fraught with dangers unless Congress acts. Every Congressman, while living here, is in the same box with the most ordinary citizen except that if schools of Washington re-opened last on ordering more of the food until the July 5. danger threatens he is sure to be night for their usual activities.
